Work Experience

Avanade

Salt Lake City, UT (Remote)

FULL STACK DEVELOPER

Nov 2021 – Apr 2023

- Performed code reviews and code approvals of others' code on GitHub.
- Delegated user stories based on the individual strength of the task being performed through Azure DevOps and created individual tasks to visualize the complexity.
- Promoted code reusability by working on Storybooks, refactoring code into mixins and creating reusable components with technical documentation.
- Trained to program in C#/.NET by writing a REST API that connected to MongoDB.

IBM

Toronto, ON (Remote)

FRONTEND DEVELOPER

Jan 2021 – Aug 2021

- Maintained and developed React.js web applications for IBM multi-cloud management software in an Agile setting.
- Used GraphQL in conjunction with Redux state management.
- Tested React components using Jest and React Testing Library to cover >85% lines of code.
- Collaborated with the UI/UX, backend, and upper management to pin down specifications during ambiguous situations.

IBM

Toronto, ON (Remote)

UI/UX ENGINEER

May 2020 – Dec 2020

- Wireframed ideas for the multi-cloud platform using Sketch and applying Carbon Design and Design Thinking methods.
- Developed minimum viable prototypes in React.js for usability testing.
- Interviewed people outside the company for usability testing, leading to a proposed ~30% faster user navigation speed.
- Redesigned BeeFit as an extra project, an internal platform for promoting body health.

Teck Resources

Sparwood, British Columbia

APPLICATIONS TRAINER INTERN

Sep 2019 – Apr 2020

- Designed and delivered training programs and classes for Teck's ERP software.
- Designed new templates and made engaging electronic and printed training material with vector graphics and publishing software.
- Troubleshoot people's issues with tier 2 desktop support as well as application support.

Honors & Awards

May 2022 **Avanade Global Hackathon 3rd Place**, Developed a crisis management platform prototype, utilizing AI and Big Data for Avanade's hackathon. Our team was awarded 3rd place among 17 other teams globally. *Adobe XD, Material UI, Angular.js*
